Windlesham Golf

Team Stableford 2 from 4 with a little help from the blind players.

With 12 x 4 balls in the field and 43 players on the course there were 5 blind players selected at random and it was one of these blind players that helped the winning 4 ball across the line. It was the team that finished 2nd on the day who were in front by 3 points on the front 9 but lost that lead on the back 9 in the main due to 7 pts on the 12th hole (a birdie from Emile) and 6 points on the 18th with a birdie from the winning teams blind player. So the competition was decide on countback after a close finish. As is customary for the blind player , the winning money goes to the Club Captains Charity.
