## As it happened .....

Another fine morning to greet the 49 players who started today ( 43 posted a card at the end of the round ) in the Serenyi Salver competition. Thank goodness the Pro Shop had all the details of the age + handicap details ( thank you to Keith for providing the detail ) otherwise we may have had even more of the confusion that occurred at the end of the round. It was stated in the Competition notes that this was an Individual Medal combined with a flag competition and that players having shots left should proceed down the 10th. Anyway all was resolved and when the flag was placed half way down the 12th fairway it was Peter Christmas who emerged as the Winner. With a nett 66 after the end of his round a fine round of golf.

Now , it has to be said that a medal competition can be a challenge for certain players ( me ! ) and Thursday was no different for those (they will remain nameless) all of whom had the famous " Hamlet moment " ....anyone who can't remember check out the Hamlet cigar golf ads on YouTube - especially the bunker ad. We had 6 players who scored 10 shots on certain holes 3 players who scored 11 and 2 players who scored 12 shots but the Hamlet Prize for perseverance and determination goes to the namless players which shot an 18 on the 18th hole. You can scroll through the results on Golf Genius if you really want to know - but be gentle - next time it could be you !
