HWM Individual Stableford and lots more

A lovely late September day with many of the 36 players in the Individual stableford the 12 in the InterClub match versus Sutton Green and the 8 in the 9 hole still wearing golf shorts before they are put back in the golf wardrobe for the winter. The **HWM Captain Andy Heath** enjoyed a great round with **37 points** to clinch the day with **Laurie Morse coming in 2nd place with 36 points** **Martin Ruggles** following his success last week in **3rd place with 33 points** and **Pete Deane in 4th place with 32 points**. It has to be mentioned that once again we saw **slow play** with a number of groups being backed up on the tee box - can we all please apply good golf practice to ensure the pace of play is maintained. Your attention to this would be appreciated.

HWM v The Tuesday Gang

The Ryder Cup may well be taking place this weekend but this week we had our annual grudge match against The Tuesday Gang and what a match it was. I cannot match the reporting from the HWM Captain for the match - Stephen Webb so here is it.

It had, in its way, the tincture of history about it—men assembling, as they have always assembled, to measure themselves against one another. A match, yes, but in the minds of its witnesses something older stirred, a resonance that reached back even to Agincourt, that gallery of remembered glories. The Highwaymen triumphed without qualm or apology, 5 - 1, their manner precise, almost clinical: drives set down like declarations, putts struck with the finality of verdicts. Their laughter, their needling jests, spread like a contagion, uncontrollable. And yet across from them, diminished by the absence of their knight—Berkeley, who was legend and presence both—the Tuesday Gang persisted, but only in attempt. There was gallantry in that persistence, brief resistance even, what one saw of it in the sixth group, success. It was not enough, and never could be. After, though, the field altered its temper. Victory and defeat, temporary masks, were lifted away. The men were comrades again, sitting with the day's labour behind them, drinking, exchanging murmured ironies, vowing in low tones to return, to make of training a redemption. If tomorrow was uncertain, Colonel Mucklow at least awaited in promise, as all such trials must, to make a better man on the battlefield.
