

# HWM American Foursomes

In the week that Team Europe retained the Ryder Cup what a fine time to have a competition with the name American in the title. It didn't quite rival the tension and drama of that Sunday afternoon but who cares as once the fog lifted we had our own golfing masterclass. The fog required a 60 minute delay and once it was safe to play the conditions seemed to favour the later starters as conditions improved through the morning as the 44 players took to the course. It was all quite close across the front 9 with a number of pairs on 20/ 21 points with one team clear on 24 points. It was our **Club Captain - David Lewendon alongside Phillip Harrison** that had a storming back 9 of 22 points to clinch the day on count back. **Bill McIntosh and Richard Battle** after feeling very happy with their 24 points on the front 9 couldn't keep the form and faded in the back 9 with 19 points.

Other than the Thursday roll up it was a quiet week with no InterClub Match and no HWM Trophies to be won.
