Elliot Cup Round 2 - A game of 2 halves (for some)....

Once again there was a great turn out the Elliot Cup where we had 67 HWM contesting Round 2 of 5. Some interesting scoring where we had 10 players on the front 9 who scored 19 points or more with only 3 finishing at the top of the leaderboard. What happened to the other 7 who must have turned onto the back 9 with high hopes with those hopes to be dashed. A couple who will remain nameless had a severe case of the yips on those 9 holes ! There were only 9 players out of there 67 who managed to score at least a point on every hole. One player started early and could not be caught from the first drive to the last putt and so in true Rory style led from the front and took the accolades. **John Peasgood** with his 7.00 tee slot must have had some very strong coffee as he set off as John finished with **39 points**. **Robert Lynch with a birdie on the 8th** was with John all the way and lost out by 1 point finishing with 38 points. **Emile Charbine** considering his handicap of 10 had a great round finishing in 3rd with 37 points alongside **James Chivers** who lost out on countback. Congratulations to all 4 and of course you now get the added " benefit " of the HWM cuts of 3 , 2, 1, 1 shots !
