## Phew - what a scorcher ( courtesy of The Sun from the heatwave of 1976 )

And indeed it was ! 38 HWM decided to slop on the lotion slap on a hat and take to the course for the Elliott Cup round 4 with a match winning **39 points from Mark Stanley**. We then had a tightly bunched field with 4 players on 36 points and 3 players on 33 points but Mark was well out in front after 21 points on the front 9.

The Star of the Day however was the “ **Hydration Monitor** “ ..... a very kind and necessary gesture from Dean in the Clubhouse managed by Will from the Pro Shop and dispensed by the ever so cool Paul Carter who spent the entire morning racing ( well ok - progressing at a stately pace ) around the course making sure everyone drank the required 4 litres + of water. A very welcome addition to the round.

Winners for the glory		points
1st	Mark Stanley	39 points
2nd	Robert Lynch	36 points ( CB )
