

Elliott Cup gets off to a storming start

There was a tremendous turnout for Round 1 of the Elliott Cup with a field of 81 players. As communicated this was also the introduction of the £3.00 match fee so a bumper payout to the winners. 37 players scored in the 30's and it was a scorching 22 points on the back 9 (remember we played the 10th hole first) that set the tone for the eventual winner. Would he be caught - of course he would we all cried - but NO - **Andy Heath clung onto his victory with 39 points followed by Michael Aspin also on 39 points but being pipped on countback. Peter Bennett and Kevin Fallon so close both on 38 points.** The Elliott Cup leaderboard has been published on the HWM website so you can check on your progress over the 7 rounds. Round 2 is on April 16th - can Andy maintain his form ! So a great winning payout but HWM handicaps cuts on there way :)
