40+ points still not enough to secure the win

There were a few pairs in the 24 teams that went out (one team had a blind) that once they had completed their round were thinking about how to spend their winnings and basking in the glow of victory. A couple of early groups who having posted 40+ points thought it was all over. The confidence was misplaced as the pairings of **Scholefield and Ruggles** swept in with a back 9 of 24 points to take **victory with 43 points**. It was a close run competition with the pairing of **Harvey and Giles on 42 points** then 4 teams on 41 points 1 team on 40 then 3 teams on 39 points.

	Winners for the glory and the money	points	£
1st	Jonathan Scholefield & Martin Ruggles	43 pts	£20.00 each
2nd	Andrew Harvey & David Giles	42 pts	£15.00 each

The return of the 9 hole stableford from the silver tees competition saw 9 players go out with **Gerald Bullock taking the honours with 21 points** and **Keith Doran going round with 19 points**.

The Highway Summer Order of Merit standings at 31st July 2026.

Just as a reminder the winner is the HWM with the largest points tally over their best 10 scores across the summer competition. All 18 Hole Medal & Stableford rounds in the summer qualify and the top 25 players are awarded position points in each round. This runs until the end of September so anyone going on holiday between now and then and you are in the top 6 you may want to reschedule. Can Alan McDonald hang onto his position or will Michael Holland with his 3 outright wins take the win at the end of the campaign. The top 6 all have a realistic chance - if - they can get on a roll

Rank	Player	Tournaments	Wins	Points	Behind Lead
1	Alan McDonald	11	0	126	0
2 ▲	Michael Holland	10	3	124	2
3	James Chivers	9	0	118	8
4 ▼	Howard Somerville	8	0	111	15
5 ▼	Andrew Harvey	11	1	110	16
6 ▲	Emile Charbine	6	0	98	28
