Staunton Memorial Shield (The Highwaymen's Shield)

It was a fine Shield to be challenging for on Thursday with 23 pairs of HWM + 1 who were attempting to pick up the honour after being randomly selected with a playing partner. The Pairs as selected made for some interesting scoring with 8 of the 23 teams all in with a good chance of winning if they could keep up the pace which they had set on the front 9 to the back 9. Needless to say they couldn't! We saw the team who eventually came 3rd set up a winning score with 37 points on the front 9 to slip up just when the **winning pair of Tony Tilly and Martin Ruggles** put their feet down with 38 points on the back 9 to claim the shield. Mind you after their 8 pointer on the 12th they must have felt the Trophy was theirs. Well done to Tony T who was the highest individual scorer in the field with 38 points. And all this on 85% of their handicap There were some good efforts down to 4th place with only 5 points separating the top 4 teams.
