## And the winner of the Kim Short Trophy is Ian Thom...

Once again the field for the Kim Short Trophy , and there were 51 who competed , proved that the need to put more than 4 clubs and a putter in the bag is not really necessary with some good scores from top of the field. Having said that the conditions were , to put in mildly - breezy - and even the pro golfers amongst us decided not to drive across the lake on the 9th but to lay up was the best option. The strong wind also made the large bonfire the green keeping team decided to light up by the 14th & 15th hole to cover half of the back 9 in smoke for the early starters. Anyway , if your name was Ian then you were in with a shout as it was the 3rd Ian in 3 years to win the Trophy following the success of Ian Greenaway in 2024 ( yes - he was surprised as well !! ) So a very well done to the winner with **37 points including a Birdie on the 13th** and the fact that Ian made **Par on every Par 3 hole - Ian Thompson**. He is not to be confused with the players in 2nd place with a distant ( but very good ) 34 points in **Ian Thomas**. Now , due to the very fair ( no - i hear you cry ) HWM handicap cuts the players in 3rd and 4th place **Ian** ( another Ian ) **Greaves on 32 points and Clive Slifkin on 31 points** moved up the leaderboard from a few crestfallen HWM who had been cut in past weeks.

**9 Hole Competition from the black tees** A very healthy field of 18 players for the 9 hole competition once again proving its popularity with the Order of Merit reaching its climax.
