HWM Eclectic Round 2 - Fireworks at the top

A great turnout for Round 2 of the Eclectic Stableford with 68 players taking to the field and another 12 players in the 9 hole competition. The front 9 had 6 players scoring 20 points or more so the question was : could they continue that form into the back 9. The answer was “yes” and “not quite” as a couple of the players fell from grace but the 3 in the lead on the front 9 held onto their form to remain in front. We had only 2 players who came in under par with another 3 on even par with a whole raft on players who missed the odd putt or two to end up over par.
