

Gents

Now that we have made a limited return to golf, we are hoping to run the delayed Costello Bowl competition over coming months.

Entry is by email to billmcintosh47@btinternet.com

(This replaces the initial signup sheet which has now been cancelled).

The closing date is **28 May 2020** and the first round is to be played by 30 June 2020. I shall acknowledge all email entries and provide a copy of the competition rules as they stand at that time. If you do not get an acknowledgement please let me know. A copy of the draw will be posted on the HWM website at <https://wgchighwaymen.co.uk/>

Results will be posted there also.

The competition is open to all players who have participated in at least 6 Highwaymen's rollups or matches in the last 15 months. It is open to all players with a CONGU handicap but will be restricted to a maximum **playing handicap of 28**.

The format is match play knockout, off yellow tees, with full handicap difference on the day of the match. The entry fee is £5 but the timing and means of payment will be determined once the Club's administration processes have returned to normal. We will inform you before we take any payment. Players should make their own arrangements to play matches - subject to any restrictions in place.

Additional playing and safety restrictions apply to the competition as set out in the Club's current "Return to Golf" policy and we request that all players respect them. We specifically request that all players respect the Club's booking restrictions which are designed to allow as many members as possible to get a game of golf.

Matches, at least initially, may be over 9 holes and the competition rules will be adjusted accordingly and may be adapted further if conditions change over coming months.

Good luck, guys, enjoy your golf and stay safe.
